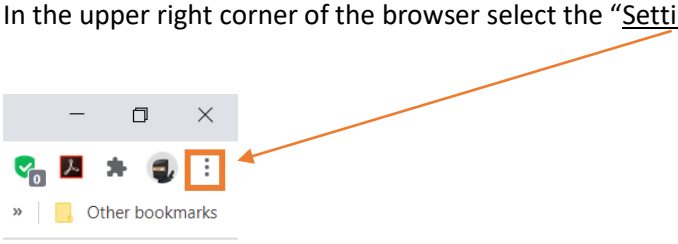
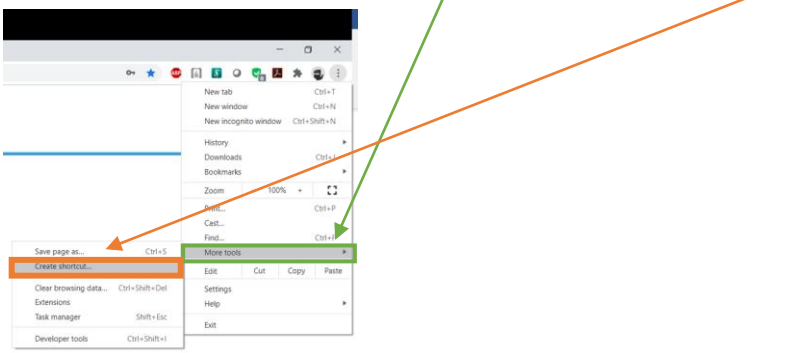
How to make a PC Desktop quicklink for PE in Google Chrome

1. Have the customer navigate to: https://proestimator.web-est.com/

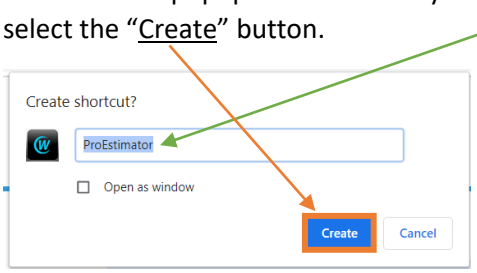
2. In the upper right corner of the browser select the "Settings" icon:



3. In the dropdown menu, select "More Tools". Then select "Create Shortcut".



4. You will see a popup that will allow you to rename the Desktop Icon, if you choose to. Then select the "Create" button.



5. You will now have a quick-link desktop icon for the Pro-Estimator login page.
